México-Veracruz highway | Clothing & Shoes | August, 2024

In August 2024, at 7:50 pm at the height of Acatzingo, Puebla on the Mexico-Veracruz (MEX-150D), MSOC detected that the cargo unit was stopped by a fake patrol car and initiated the reaction protocol with the authorities. They then requested that the transport line activate the engine stop, thwarting the theft of the cargo unit.
